Hello Susan,

Thank you for your thank you note for our contribution. I have had an Ossipee Lake connection since I was about five years old. We lived in Massachusetts and spent every weekend and every summer on Green Mountain road where my aunt lives today. We spent every-day either swimming, boating or fishing on the lake.

I now live in New Jersey but travel often to the lake where I have rented the same home for more than thirty years. My children have all grown up vacationing both summer and winter. We are on the no wake area between Broad and Leavitt Bay. Now that my

children have grown and we have grandchildren we all travel back to the lake each June for several weeks together. My wife and I can be seen riding around the lake area in our microcar, a blue 1960 Isetta.

I wish we were closer to the lake. We have come close to buying on the lake several times, but having several businesses it is hard to own a home anywhere but here in New Jersey. I am very happy though to know that there is an organization that is dedicated to preserving the lake so that my children and now their children can enjoy what Ossipee Lake has offered to me and to the generations before me.

Again, thank you for your note. It would be nice to meet some of the people who are involved in this group at some point.
